

BSU-IACUC Protocol No. _____

Date Received: _____

Date Released: _____

APPLICATION FOR AUTHORIZATION
(For the Conduct of Scientific Procedures using Animals)

1. Name of Entity: _____

2. Address: _____

3. Telephone Number: _____ Fax Number: _____

4. Name and Position of Representative Person:

Position: _____

5. Description/ Profile of entity (attach organizational chart):

6. Purposes of the conduct of Scientific Procedures (encircle one or more):

a. Biochemical research experiment, studies, investigation (including pre-clinical research)

b. teaching and Instruction

c. Product Testing

d. Production of antiserum or other biological

7. Identify the Key Institutional Representatives (including the ACLUC Chairperson, Veterinarians and researcher):

I certify that the statements made herein are correct and true:

Signature of Representative

Signature of Head of Institution

Date: _____

Date: _____

- I. PROCEDURE (S) OR TITLE OF RESEARCH/ STUDY:
- II. PURPOSE / OBJECTIVES:
- III. DURATION OR TIME FRAME:
- IV. RESPONSIBLE PERSON OR PRINCIPAL INVESTIGATOR:
 - A. NAME
 - B. QUALIFICATION (degree (s) or training experience)
- V. BACKGROUND AND SIGNIFICANCE OF THE PROCEDURE OR RESEARCH:
- VI. DESCRIPTION OF METHOLOGIES / EXPERIMENTAL DESIGN:

G. Experimental or animal manipulation methods

1. General description of animal manipulation methods (including method of conditioning)
2. Dosing method (including frequency, volume, route, method of restraint and expected outcome or effects)
3. Specimen or biological agent (blood, urine etc.) collection method (including frequency, volume, route and method of restraint)
4. Animal examination procedure and frequency of examinations (including restraining method)
5. Use of anesthetics (including drug, dosage, frequency)
6. Surgical procedure (type and purpose)
7. If euthanasia of animals will be done; indicate/ describe the method selected

H. Is there a none-animal model applicable for the procedure/ study? If so, please provide the reasons for not using it.

- I. Indicate the names and qualification of all personnel who will be responsible for conducting the procedure.

- J. Post- experimental procedures (if any) especially, if physical manipulation like surgical procedures will be done or if the animal will be euthanized. Please indicate the method of carcass disposal.

- K. References (indicate literatures used as guide for animal care and use)

VII. DECLARATION BY THE RESPONSIBLE PERSON:

I ACCEPT RESPONSIBILITY FOR ASSURING THAT THE PROCEDURE/
STUDY WILL BE CONDUCTED IN ACCORDANCE WITH THE APPROVED
PROTOCOL.

I ASSURE THAT ALL PERSON WHO USE THIS PROTOCOL AND WORK
WITH ANIMALS HAVE RECEIVED APPROPRIATE TRAINING/
INSTRUCTIONS IN PROCEDURAL AND HANDLING TECHNIQUES, AND ON
ANIMAL WELFARE CONSIDERATIONS

I AGREE TO OBTAIN WRITTEN APPROVAL FROM THE INSTITUTIONAL
ANIMAL CARE AND USE COMMITTEE PRIOR TO MAKING ANY CHANGES
AFFECTING MY PROTOCOL. I ALSO AGREE TO PROMPTLY NOTIFY THE
IACUC IN WRITING OF ANY EMERGENT PROBLEMS THAT MAY ARISE IN
THE COURSE OF THIS STUDY INCLUDING THE OCCURRENCE OF ADVERSE
SIDE EFFECTS.

Signature of the Investigator/Researcher:

Lead Researcher
